» AUSTRALIA'S MOST POWERFUL CLUB JUST GOT EVEN MORE POWERFUL.

Hit the ignition button on the GEN-F2 ClubSport R8 LSA and the roar from the Bi-Modal Quad Exhaust system instantly signals that this legendary nameplate has evolved to a whole new supercharged level.

» **SUPERCHARGED SOUNDTRACK STANDARD.**

The 6.2 litre Supercharged LSA Generation IV Alloy V8 turns up engine performance to a massive 400kW of power and a staggering 671Nm of torque. Press the throttle and whether you've chosen the Tremec (MG9 spec) 6-speed manual transmission or the optional 6L90E 6-speed automatic with Active Select and Paddle Shifters, the Driver Preference Dial increases performance with every clockwise turn.

» **MAKE A STAND AND TAKE A SEAT.**

Power and position go hand in hand. And, with HSV Performance seats in Onyx leather trim and an 8-way electrically adjustable driver's seat, you'll be in pole position to enjoy an adrenaline-charged ride. To help you on your way are a range of technologies including Side Blind Zone Alert, Automatic Park Assist and Satellite Navigation, all seamlessly integrated into the cockpit of this performance machine.
